

Title: *Sanctuary for the Devil*

Author: Vanessa Finaughty

Publisher: Smashwords

Reviewer: Aneza Lee

An utterly delightful read! The characters are delightfully flawed; their observations of the world they live in are often laced with a unique dry wit that is characteristic of Vanessa's unique writing style. I found it well written and absolutely loved the characters, who are all so terribly real and so very human, with all the faults, failings and flaws that one could expect to find in the average Joe who just happens to find himself in extraordinary circumstances. The story flowed very easily, making it a fun, easy to read novel. Fast paced, interesting and often touching on themes that every reader can easily identify with and may often have secretly wondered about, I can highly recommend a trip to Tridor Monastery to visit with Liam and Arthean as they take their first steps to discover the legendary Garden of Origin.

Whether flying with the intriguing ryokin, traversing the catacombs that exist beneath the peaceful monastery, or facing the deadly dragons that fight on the dark side, you'll be on the edge of your seat until the last page.
